Create account

1. Go to
<https://511notify.wyoro.ad.info/511Notify/login>
and click the “Create Account” button

The screenshot shows the login page for 511Notify. At the top, there is a banner with four images: a road construction scene, a snowplow, a construction worker, and a small airplane. Below the banner are links for [Help](#), [More information](#), [Forgot your password?](#), and [Resend validation email](#). The main heading is "Login". Below this is a form with fields for "Email" and "Password". There is a checkbox labeled "Show Password". At the bottom of the form are three buttons: "Log in", "Reset", and "Create account". The "Create account" button is highlighted with a red rectangle. Below the form, there is a paragraph of text about SMS notifications and a link to the [Privacy Policy](#). At the very bottom, it says "Your contact information is used to deliver requested updates and to access your subscriber preferences." and "Privacy Policy - V: 1.6".

Create account

2. Type in your email address and create a password. An email address is required even if you only want to receive text message alerts.

3. Select an account type and click “Register.”

- A **Standard** account will enroll travelers in the 511 Notify system without a predefined end date. The account can be cancelled or suspended at any time.

- A **Tourist** account allows travelers who will only be in Wyoming for a short time to decide when to stop receiving alerts. If you choose a tourist account, select the date you want to stop receiving alerts.

Manage Accounts: Account Options

There are several options to help keep messages manageable

- **Winter Mode:**

Messages are only sent Oct. 1. through May 31.

- **Vacation Mode:** If you will be outside of Wyoming and don't need alerts, select a start and end date for having messages suspended.

- **Suspend Account:**

You will no longer receive messages until you log back in and turn messaging on. All of your subscriptions will be saved.
